

2010 BEST ACCOUNTING FIRMS TO WORK FOR

New York, NY – September 16, 2010 – 100 accounting firms have been honored as the 2010 *Best Accounting Firms to Work For* in our third annual program created by *Accounting Today* and Best Companies Group. These top firms will be announced and honored at an awards luncheon on November 17 during *Accounting Today's* Growth & Profitability Summit in Las Vegas and published in the December 13 issue of the magazine.

This survey and award program was designed to identify, recognize and honor the best places of employment in the accounting profession, which benefit the nation's economy, its workforce and businesses. The *Best Accounting Firms to Work For* list comprises 100 companies organized into three size categories: 45 small-sized companies (15-49 employees), 45 mid-sized companies (50-249 employees) and 10 large-sized companies (more than 250 employees).

To be considered for participation, companies had to be public or privately held U.S. accounting firms with at least 15 employees.

Firms from across the country entered the two-part survey process to determine the *Best Accounting Firms to Work For*. The first part consisted of evaluating each nominated firm's workplace policies, practices, philosophy, systems and demographics. The second part consisted of an employee survey to measure the employee experience. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration, survey and analysis process and determined the final rankings.
